

Less Than You!

Materials □ number cards 0–10
(4 of each)

Players 2

Directions

- Deal 2 cards to each player.
- Put the rest of the cards facedown in a pile.
- Take turns.
- On your turn, do the following:
 1. Take the top card from the pile. Now you have 3 cards in your hand.
 2. Discard the highest number in your hand. (Discard means “take out of your hand and put aside.”)
 3. Add the two numbers left in your hand.
 4. If you think that your sum is less than the other player’s, say “Less than you!”
If your sum *is* less, you win. If your sum is *not* less, you lose. The game is over.
 5. If you don’t say “Less than you!,” your turn is over. The game is not over until one of the players says “Less than you!”

Advanced Version Deal 3 cards to each player instead of 2.
